DESTINE APRIL FORTALIZA

SYSTEMS QA ANALYST | WEB DEVELOPER

Bacoor, Philippines | destineaprilfortaliza@gmail.com
devtine.xyz | LinkedIn | github.com/dev-tine

SUMMARY

Systems QA Analyst and web developer working across web, mobile, and ERP workflows. I connect requirements, reproducible findings, and verified fixes. My product coordination and operations background supports a direction toward product ownership and project management.

SKILLS

QA: test design, exploratory, regression, smoke, UAT, permissions, connected data, defect reporting and retesting.
Tools: Playwright, JavaScript, Postman, REST APIs, SQL, GitHub Actions, DevTools, Git and ClickUp.
Development & coordination: PHP, MySQL, HTML/CSS, Leaflet, Firebase, requirements, acceptance criteria and handoffs.

PROFESSIONAL EXPERIENCE

Systems QA Analyst | YAHSHUA Outsourcing Worldwide, Inc. | Oct 2026 - present

- Design cases, investigate issues, and verify releases across connected web and mobile workflows.
- Followed a mobile-to-web sync defect through correction and verified the complete record flow. Reported a launch crash with logs and video; a corrected build was released the same day.
- Tested 83 web and mobile tickets in my first three weeks and logged 79 tracker observations.

Junior SQA Analyst | Solar Tint, internal ERP | Oct 2026 - present

- Review internal ERP workflows and document usability observations, roles, connected records, and questions for process owners.
- Built reusable test-case, evidence, defect-report, retest, and reporting templates for a consistent QA workflow.

QA & Software Engineer | Nativz, contract, remote | Jul - Sep 2026

- Built repeatable release checks and investigated UI/API behavior, including a sorting defect and its regression coverage.
- Created a source-level analyzer reviewing 820 HTTP handlers across 617 route files; separated ambiguous routes for human review.

Quality Assurance Intern | Inventi Asia | Feb - May 2026

- Authored 15 QA workbooks with 5,209 planned scenarios and executed 615 manual cases across web, admin, Android, and iOS.
- Logged 19 QA/UI defects and 36 smoke observations with reproduction steps, expected versus actual behavior, evidence, and retests.

PROJECTS AND ADDITIONAL EXPERIENCE

Web App QA Testing Suite: public cases, defect records and API/CI evidence. **Dester QA Skills:** 12 open-source skills for discovery, cases, checks, reports and documentation; in field testing.

HOA Mapping: map-linked resident and payment records (PHP, MySQL, Leaflet). **CARESIM Web LMS:** lead full-stack developer (Firebase). **ECL Operations Hub:** requirements, roles and acceptance journeys.

DoGoodie, EA & Operations (Jun - Sep 2026): scoped founder requests, coordinated owners and deadlines, and personally coded the public website. **4TZ One Stop Supplies (Sep 2021 - present, part-time):** sourcing, invoices, inquiries and deliveries. Earlier: PSA statistical research (Sep - Nov 2025) and CBMS data encoding (Jul - Sep 2024).

EDUCATION AND PROFESSIONAL ELIGIBILITY

BS Information Technology, Cavite State University | Sep 2026 | Cum Laude, 1.43 GWA
Career Service Professional Eligibility, Professional Level (2025)

SELECTED CERTIFICATES

Google Analytics Certification (Google, Jan 2026; expires Jan 2027) | Prompt Engineering for ChatGPT (Vanderbilt University, Jan 2026)

Build a computer vision app with Azure Cognitive Services (Microsoft, Jan 2026) | Claude 101 (Anthropic, Oct 2026)
